EDUCATION

The University of Texas at Austin, Austin, TX

Anticipated May 2029

Bachelor of Science in Informatics, Major in Human-Centered Data Science & Cybersecurity

Relevant Coursework: I 305 Research Methods for Informatics, I 303 Ethical Foundations of Informatics, I 310D Human-Centered Data Science (*in progress*), ECO 304K Microeconomics (*in progress*)

SKILLS

Data & Analytics: Tableau, Excel, SQL, Python (Pandas, scikit-learn, LightGBM, CatBoost, XGBoost); dashboard design, data storytelling; A/B testing and statistical significance, KPI analysis

Business & Consulting: client deliverables and decks, strategic proposals, materiality assessment methodology, sustainability frameworks (IFRS S1/S2, GRI, ESRS), GCC regulatory landscape, stakeholder presentation, cross-functional leadership, recruiting and onboarding

Technical: Python, TypeScript, JavaScript, SQL, React, Next.js, FastAPI, Node.js, Supabase, PostgreSQL, Docker, Git; computer vision (YOLO), LLM application development

EXPERIENCE

SUSTAINABLE BUILDING INITIATIVE, UT Austin, Austin, TX

Aug 2026 to Present

Tech Director & Co Vice Director, Business Oversight & Analytics

- Hold two concurrent leadership roles spanning technology and business, bridging the club's engineering output and its operational strategy
- Lead a 10–15 person tech team as primary technical point of contact for client-facing communication, running recruiting, interviews, and onboarding; review and approve all work before merge
- As Co Vice Director, partner with leadership on operational oversight, performance tracking, and data-driven analysis informing club strategy and resource decisions

ICELIS GLOBAL, Remote to Doha, Qatar

Jun 2026 to Jul 2026

ESG Consulting Intern

- Delivered ~90 slides of consultant-ready client training material: a 26-slide IFRS S1/S2 standards landscape with a GCC regulatory map, and a 22-slide materiality-assessment playbook with scoring rubrics and an 8-week engagement plan
- Produced reference matrices spanning an IFRS vs GRI comparison, a six-step reporting process guide, and a full GCC regulatory scan (QFMA, ADX, CBB, FSA, regional CMAs)
- Presented a final recap to leadership with four strategic proposals including a monthly regulator update tracker, a client intake questionnaire, and an AI agent for first-touch client scoping; received a letter of recommendation signed by the Founder & CEO

SBI X UT AUSTIN: Drone Road-Inspection Research, Austin, TX

May 2026 to Present

Tech Lead

- Lead the technical side of a ~10 person research team using drone imagery and computer vision to detect road cracks and stitch them into a continuous georeferenced road map
- Authored the research brief setting technical direction across detection (YOLO vs segmentation vs VLM) and stitching, then split the team into two sub-teams and set the data-collection strategy
- Built an end-to-end proof of concept in days at zero cloud cost, and diagnosed a camera-angle domain gap that redirected the team's entire collection approach

PERSPECT (tryspectspect.com)

Jan 2026 to Present

Founder

- Built and shipped a full-stack AI product solo (backend, frontend, infrastructure, and brand) where expert AI personas debate a topic and output a structured briefing with cited sources; top-20 at Claude Hackathon 2026
- Ran a first classroom beta with real student users, pitched to students, educators, and testers, and self-funded the product under a monthly spend guard; now in closed-beta iteration

HINDU CHARITIES FOR AMERICA, Austin, TX

Jul 2026 to Present

Tech Lead, AI with All Hackathon

- Co-lead technology and student-council operations for a hackathon of ~600 participants in grades 8-12, coordinating with a data scientist and an AI/UX designer on a one-month build
- Designed the participant app feature set and a privacy-aware per-participant UID scheme under COPPA and FERPA constraints

BIZFIRST AI, Remote

Jun 2026 to Aug 2026

Software Engineering Intern

- Shipped the company's V1 self-hosted object storage with tiered quotas, lifecycle expiration, and offsite backup, plus three tools letting their multi-agent orchestrator generate valid schemas from natural-language prompts

LOGICA CONSULTING GROUP, Austin, TX

May 2024 to Jun 2024

Tech Intern

- Delivered a client-facing product for 50+ small-business users on a 3-person team, cutting page load times by 20%
- Authored onboarding documentation that reduced new-intern ramp time by 40%, and partnered with client stakeholders

INDIA ESEVA, Hyderabad, India

Jun 2023 to Jul 2023

Assistant Lead

- Coordinated 6 interns at a nationwide e-services platform, improving operational efficiency 30% by restructuring task delegation
- Led 10+ financial-literacy sessions reaching 50+ families in underserved communities, tailoring content to varied literacy levels

DATA ANALYTICS

GLOBAL CAREER ACCELERATOR, UT Austin / Podium Education

2026

Data Analyst

- Intel data center capstone (Tableau, scored 209/200): analyzed 4M+ rows of hourly U.S. energy-generation data to recommend a data-center region, building calculated fields, a parameter-driven dual-axis time series, a tree map, and an interactive dashboard; recommended the Northwest on surplus capacity and a 52% renewable mix
- Grammys capstone (Excel, scored 220/200): used PivotTables, SUMIFS/AVERAGEIFS, and XLOOKUP to compute engagement KPIs and mobile-visitor rates and assess the business impact of the 2022 Grammy.com / RecordingAcademy.com split, delivering a stakeholder recommendation memo
- Ran A/B tests at 95% confidence (email subject lines; a Warby Parker landing-page redesign) across 14+ analytics milestones spanning entertainment, transit, sports, music, and e-commerce data

DATAHACK 2026: 5th place, UT Austin MLDS

2026

- Built skip-prediction and customer-lifetime-value models across a large music listening-history dataset. Stack: Python, LightGBM, CatBoost, UMAP

Leadership & Honors: Founder, Blood Buddy, a consumer product with 8,000+ donors; National Cyber Scholar (2024); CyberPatriot State Semi-Finalist.
