EDUCATION

The University of Texas at Austin	Bachelor of Science in Informatics, Human-Centered Data Science & Cybersecurity Overall GPA: 3.60 Relevant Coursework: Microeconomics, Human-Centered Data Science, Research Methods for Informatics	May 2029
--	--	----------

EXPERIENCE

ICELIS Global - ESG Consulting Intern; Remote to Doha, Qatar	June 2026 - July 2026
- Delivered 90 slides of client training on IFRS S1/S2, GRI Standards, and the GCC regulatory landscape, including a 22-slide materiality playbook with scoring rubrics and an 8-week engagement plan - Built framework-comparison matrices (IFRS vs GRI, financial vs impact materiality) and a regulatory scan of 5 GCC markets that the consulting team reused with clients - Pitched 4 strategic proposals to firm leadership, including a monthly regulator update tracker and an AI agent for first-touch client scoping; earned a letter of recommendation from the Founder and CEO	
Perspect - Founder; Austin, TX	January 2026 - Present
- Launched an AI research product solo, where a panel of expert personas debates a question and returns a briefing with cited sources; placed top 20 at the Claude Hackathon 2026 - Ran a first classroom beta with student users, then set the roadmap on their feedback while holding the product under a fixed monthly spend cap	
Logica Consulting Group - Tech Intern; Austin, TX	May 2024 - June 2024
- Delivered a client-facing product for 50+ small-business users on a 3-person team, cutting page load times 20% - Authored onboarding documentation that cut new-intern ramp time 40%, and translated client requirements into scoped deliverables with stakeholders	
Code Ninjas - STEM Instructor; Austin, TX	July 2024 - August 2024
- Ran 5 week-long camps for 20+ students aged 7 to 14, hitting a 90% project completion rate across 4 skill levels - Owned daily lesson planning, parent communication, and camp logistics for a rotating roster of families	
India eSeva - Assistant Lead; Hyderabad, India	June 2023 - July 2023
- Coordinated 6 interns at a nationwide eServices platform, improving operational efficiency 30% through restructured delegation and daily standups - Led 10+ financial-literacy sessions reaching 50+ families, and resolved billing and payment issues across 25+ on-site visits	

PROJECTS

Data Center Siting Analysis - Client: Intel (Global Career Accelerator capstone)	2026
Analyzed 4M+ rows of hourly U.S. energy data in Tableau and recommended the Northwest on surplus capacity and a 52% renewable mix, delivered through an interactive dashboard; scored 209/200	
Grammys Digital Engagement Analysis - Client: Recording Academy (capstone)	2026
- Measured the business impact of the 2022 Grammy.com and RecordingAcademy.com split with PivotTables, SUMIFS, and XLOOKUP, then delivered a stakeholder recommendation memo; scored 220/200 - Ran A/B tests at 95% confidence across 14+ analytics milestones spanning entertainment, transit, sports, and e-commerce data	
Customer Retention Modeling - UT Austin MLDS DataHack, 5th Place	2026
Built skip-prediction and lifetime-value models on a large music listening dataset in 24 hours, owning the feature pipeline behind the team's ranking	

LEADERSHIP EXPERIENCE & ACTIVITIES

Sustainable Building Initiative - Tech Director (Aug 2026 - Present)	Feb 2026 - Present
- Lead a 10 to 15 person team, running recruiting, interviews, and onboarding, and approving all work before merge - As Co Vice Director for Business Oversight in Spring 2026, partnered with leadership on performance tracking and resource decisions	
Blood Buddy - Founder	2022 - 2024
Founded a platform that matched 8,000+ blood donors with recipients and enabled 100+ transfers, owning operations, outreach, and volunteer coordination before handing it off	
Texas NOVA Consulting - Tech Analyst, Fall 2026 Analyst Class	Sept 2026 - Present
Selected through a competitive application and panel case interview for UT's AI and technology consulting organization	
Hindu Charities for America - Tech Lead, AI with All Hackathon	July 2026 - Present
Co-lead technology and student-council operations for a 600-participant youth hackathon on a one-month build timeline
